St. Paul, MN 55119**

In order to be able to utilize ICF/DD services, an individual must:

- Have a diagnosis of DD or a related condition (e.g. Autism, Cerebral Palsy)
- Require 24-hour services
- A person would need to be screened as eligible for ICF level of care by their Case Manager.
- Case Manager needs to complete a screening at the time of admission. This is often also assessed as a part of a person's MN Choices Assessment and indicates whether they are eligible.

Questions or Interested? Please contact Sarah Boone at 651-227-7655 or sboone@phoenixresidence.org with any questions or if you have someone who would be a good fit. Thank you!
