Thekeisha, the Foss House manager, goes above and beyond. Keisha is a big help to the house and overall, a nice boss who doesn't just throw you into the job. She takes time to help out in any way she can with staff and the residents. She is the house leader who we know we can ask anything and depend on to help throughout any matter. Anything Keisha can do to help you she will or she will help you find someone who will assist. She made me comfortable in an uncomfortable house change and welcomed me to the staff. Anything asked of her, she is there to assist.

Thekeisha Thomas

She is a supervisor at Foss House. I think she would be a great person for Supervisor of the Year because she has come so far within the company. She gives her all to figure things out. She will try her best; if she doesn't understand, she will ask questions. She doesn't like to be shown or told, she wants to do things herself and she makes she knows how. She puts a lot of focus on the individuals to make they get what they want. She always does outings with all the guys at her house. They love to get out and have fun with her when she is around.

She took the individuals to the Casino and to the Cat Café. She has also taken them to games, the Zoo, and she takes them shopping. She makes sure each one of their birthdays is special; she gets the cake and balloons to let them know how much she cares about them. Kisha is very creative within the house decorating and making she everything is neat and organized. She is all-around awesome person. She has changed so much; she has grown so much with teamwork; she jumps and will help whenever she can. She is very patient with training and will work to make sure you understand what is important to the people we serve. Kisha will make sure that all task are complete and rules are being followed. She has really rose up pass most people's expectations throughout training and being person-centered.
